【Descriptions of Telecommunications Service】

■ b-mobile VISITOR SIM 5GB/21Days Prepaid

1) Data Communication Service (MVNO Wireless Internet-only Service)

- The service may not be available in areas that are far away from a base station or in areas with buildings that obstruct the signal reception.
- Network speed of this product is based on the best-effort. There is no guarantee to provide any specific network speed. The network speed may decrease as the available radio frequency resource is being shared by more subscribers. The network speed may decrease depending on traffic conditions and a location of use.
- Use of file exchange (P2P) and other applications may be restricted on this product.

- Network connection may be reset in case of a customer having connected with the Internet longer than a predetermined maximum duration.
- This product is a service that uses private IP addresses.
- To attain fair use among customers, network speed may be restricted for customers with excessive use.
- JCI may collect, analyze, and process network data traffic information, in order to provide, maintain, and to execute operations that are associated with the product.
- Tethering requires devices with a tethering feature. See the following webpage at JCI for a list of confirmed mobile devices for devices with the feature.
(<http://www.bmobile.ne.jp/english/devices.html>)
- Usage restrictions on this product, including any restriction that is imposed by its data service plan, are applied even while tethering. There are no other restrictions that are specific to while tethering.
- The product imposes Outbound Port 25 Blocking to prevent spam and other emails of nuisance to customers.
- Data traffic is throttled at certain levels for data communications related to animations and other data streaming.

2) Usable Period, The Amount of Data and Speed

- The usable period of this product is for 21 days from the day after the activation date.
- Usable data amount is 5GB and during the usable period, there is no speed restriction.
- Purchased from b-market; the activation date is a date as specified in advance as a product delivery/pick up date by a customer upon purchasing the product.
- Purchased from other stores; the activation date is a day customer completed these activation processes through the designated webpage.
- When all of data amount is consumed this product will expire, regardless of whether its usable period ends or not.
- When the usable period ends, this product will expire and remaining data amount is lapsed.
- Refer to the Check Service Status webpage for the usable period and remaining data amount (<https://ec.bmobile.ne.jp/ecom/enexpire>).

3) Charge

- Upon the end of the usable period, this product can be “charged” (refilled; topped up) by purchasing the Charge Plan (extension plan) to continue using. (The refillable period during the usable period and during within the 10 day period starting on the next day following the last day of the usable period. However, the “charging” becomes no longer available after the 10 day period.)
- Registration of credit card is required for “charging” (refilling; topping-up).
- The following describes the “Charge” plan (as of June, 2018). Any change to the plan will be notified on JCI’s website (<http://www.bmobile.ne.jp>).

| Product Name | Usable Period / Data Amount | Price |
|--|-----------------------------|-----------------------|
| VISITOR SIM 1GB/1Day Online Charge | 1Day/1GB(1,000MB) | JPY463[Tax Exclusive] |

4) Filtering Service

- Please let JCI know during the activation process if the user is under 18 years of age (youth user).
- For youth users, we recommend using the filtering service.

- Using the filtering service is an effective means to restrict seeing information that is not appropriate for youths and it will help to protect youths from getting involved in internet crimes and troubles.
- If you are purchasing this product for a minor, under the age of 18 and have decided not to use the filtering service, please inform JCI in the activation process. It will mean that you are aware of the risks and are responsible for your decision.
- Filtering service (as of June 2018);

| Service | Price per month |
|--|--------------------------|
| I-filter for Multi-device | JPY 360 [Tax Exclusive] |
| Control of Access for Harmful Websites | JPY 2000 [Tax Exclusive] |

- Updates will be notified on JCI's website (<http://www.bmobile.ne.jp/user/filtering.html>).

**** IMPORTANT NOTICE ****

Please be aware of these charging rules below

1) Your SIM is still under usable period; 1 day will be extended from your usable period before charging.

2) After your usable period expired; the charged amount will be valid until 23:59 on that very day.(The charged amount will be expired on next day.)

*In both of cases 1 and 2 above, when all of data amount is consumed this product will expire, regardless of whether its usable period ends or not.

- Refer to the following webpage for Online "Charge" by credit card (<http://www.bmobile.ne.jp/english/recharge.html>)
 ※ The Online Charge (Refill) Page is accessible by the b-mobile wireless telecommunication only.
