### Data communication service contents

Internet connection via mobile network

#### 1) Service start date and expiration date

a. service period

This product's service will expire 5 days following the next day of the Service Start Date you designate.

b. Please note that the countdown on your service period starts automatically on the Service Start Date.

This will happen regardless of whether you are able to use the product or not.

c. This product can be charged to extend its expiration date (Note: charge can no longer be purchased 5 days after service expiry).

## **2) Utilization**

a. This is a product to provide the Internet connection service only. Telephone service, SMS (Short Message Service) and MMS (Multimedia Message Service) are not available.

b. This product doesn't provide an e-mail address.

c. It may not be possible to connect to the Internet using your b-mobile SIM if you are in an area that is remote from any LTE/3G base stations or in an area where the surrounding buildings are causing signal disturbance.

d. The data transmission speed for this product is provided on a best effort basis. Actual transmission speed may vary depending on location and connection status.

e. Japan Communications Inc. (hereinafter referred to as "JCI") reserves the right to conduct network traffic control on continuous data communications such as file exchange (P2P) applications.

f. Sessions may be disconnected following certain connection duration and/or certain usage types.

g. To maintain service quality for all users, JCI reserves the right to restrict the data transmission speed when you have used more than 1GB (1,000MB) over consecutive three days including the current day.

- h. Traffic information will be collected and analyzed to provide service in accordance with the above conditions of use.
- i. JCI uses Outbound Port25 Blocking as a countermeasure for unsolicited email (SPAM mail).
- j. The b-mobile SIM card is provided to you on a loan basis. Please return the SIM card to JCI after service expiry.

**Please return to the following address:**

SIM Card Returns, b-mobile Helpdesk, Japan Communications Inc.

Zipcode:105-0001, Toranomom-Towers-office, 4-1-28 Toranomom, Minato-ku, Tokyo, Japan

**Data communication service charges**

Open price

**Other charges, if relevant**

A service fee may be charged in the event of SIM card failure (ex-warranty) or loss and reissue of the SIM. For more information, please contact the b-mobile Helpdesk.

**Free or discount campaigns if conducted**

For information on available free or discounted sales promotions, please refer to the JCI b-mobile website.

**Change or cancellation of data communication service**

This product cannot be refunded after purchase. The contract cannot be changed or cancelled.

**Transfer**

You shall not transfer the product to a third party
